

Serial application **Ford** v5.50

Datasheet (906x)

Pro-Line kit 906x contents

- Software activation code
- 2/3 pin cable (pre 1996) A0903061-3

Vehicle Coverage

- Model Year 1985 to 2008
- C-max / Connect / Cougar / Courier / Escort / Fiesta / Focus / Fusion / Galaxy / Granada / Ka / Mondeo / Orion Puma / Sapphire / Scorpio / Sierra / S-max / Tourneo Transit

Functionality

- Read fault codes
- Erase fault codes
- Read data stream
- Global ECU Test
- Custom monitor list
- Key programming (Timed/Coded)
- Injection Pump Matching
- Engine off self test (Includes activations)
- Reset adaptations
- Set code 60 service mode
- Diesel pump adjustments
- TDCi injector configuration
- Steering Angle Calibration
- Particulate Filter regeneration
- SRS module configuration
- Snapshot

System Coverage

- Engine
- ABS
- SRS
- Transmission
- Lock and Alarm
- Headlamp Control Module
- Message Centre Module
- Rear Air Suspension
- ADM – Audio Control Module
- BCM – Body Control Module
- CTM - Central timing module
- DDCU – Driver Door Control Module
- EATC - Climate Control
- EPB – Electronic Park Brake
- EPS – Electronic Power Steering
- FACM – Fuel Additive Control Module
- FIP - Fuel Injection Pump
- GEM - General Electronic Module
- HEC - Hybrid electronic module
- IC – Instrument Cluster
- PAM - Park Aid Module
- PATS – Immobiliser
- PDCU – Passenger Door Control Unit
- RLDCU – Rear Left Door Control Unit
- RRDCU – Rear Right Door Control Unit
- TCS - Transmission Control Module
- VIC - Instrument Cluster CAN
- VDM – Vehicle Dynamics Module
